HOG SUPPLY LIGHT, DEMAND DITTO

OFFICE OF PITTSBURG DISPATOR, MONDAY, May 13, 1899. The run of stock was good, and, considering the disagreeable weather, markets were active all along the line. This was especially the case in cattle lines, which brought from 10 to 15 cents better prices than last Monday. Some dealers claim an advance of 20 cents in the best grades.

Cattle. The supply was below the average; the total number on the market was 437 head. In addition to these Winter & Dellenbach received 20 head. The demand was good and buyers did not hesitate to pay the advance of 10@20c. A leading buyer reports quality of cattle in this week's supplies much above the recent average. A number of prime 1,600ound cattle were in the receipts. The bulk was nice, smooth butcher stock from 1,300 to othing of butchering stock from the neighboring counties. Choice heavy western beeves, 1,600 to 1,600 pounds, sold at \$5 00@5 15; medi-1,500 to 1,500 pounds, sold at \$5 00@5 15; mediums, 1,200 to 1,400 pounds, \$4 75@4 95; prime light, 900 to 1,100 pounds, \$4 25@4 55; thin steers, \$3 25@8 75. Fresh cows were dull at last week's prices, viz., \$20 00@45 00. The range for calves was 35@5c, the latter figure for a few extras. Receipts from Chicago—J. Zeigler, 80 bead; R. Gorson, 90; H. Hirsch & Co., 38; A. From, 77; Transrman Bros., 50; Rothschild & Co., 79; Winter & Dellenbach, 239. From Pennsylvania—Pisor & Thompson received 8 head; various owners, 7; J. Langdon, from Ohio, 7. Total receipts, 690; last week, 631; previous week, 489.

The Chicago Tribune of Sunday remarks: Local real estate affairs kept up a loud and lively hum last week. In many respects it was one of the most satisfactory weeks of the year, and to the majority of dealers in was one of the busiest. It was satisfactory because it conthe busiest. It was satisfactory because it con-tained unmistakable signs that the present strong market has a long lease of life ahead. For two or three weeks previous there had been comparative duliness and dealers had be-gun to ask themselves if the lull was going to develop into a full stop for the summer. Last week answered that question in a most em-phatic manner. The best feature of the market was its broad and healtful character. There were no signs of speculation, no feverish inwere no signs of speculation, no leverish in-terest in any particular class of property. There was good buying of acres, but there was no craze for them. Buyers were careful and conservative and were disposed to subject values to all possible tests before investing.

Electric the Only Redeeming Feature of the Stock Market.

The brokers faced Captain Barbour in a dull and listless manner when he made his usual oration and opened the stock market yesterday. At the morning call Philadelphia Gas was the only stock traded in. It opened at 35% and advanced to 85%, where it stood at the close. In the afternoon it was offered at 36, but without buyers. Wheeling Gas was weaker at 29 bid, with 31 asked. Manufacturers' Gas was steady at 25. The other gas stocks were quiet and neglected. Electric was half a point stronger, selling at 58 against 67% asked on Sat-

The tractions were weaker, Central opening at 28% and declining to 28% on sales of 300 shares. For Citizens' 70 was bid, and for Pittsburg 54% was asked. There were no transac-tions in either. La Noria was active and lower on unsatisfactory reports from the mill, lower on unsatisfactory reports from the mill, 500 shares changing hands at 1%. Switch and Signal was weak and neglected. Five shares of Plate Glass stock sold at 185. Pittsburg and Western, common and preferred, was a trifle weaker, as well as neglected. The total sales were 1,000 shares. The general weakness of the market was attributed to the indisposition of those having orders to fill them so long as there those having orders to fill them so long as there is a prospect of lower prices. and know pretty well when to go in and when to to stay out. They never load up on a declining market, or when there is a prospect of a slump, atthough they may be as ravenous as wolves. That would be giving themselves away, and it would be a proclamation to the other side of their intentions, which would immediately be taken advantage of.

They have the peculiar faculty of so veiling their desires as to conceal the most intenso anxiety behind a countenance expressive of total indifference. They did that way yesterday. Many of them wanted stocks, were hungry for them in fact, but they thought by waiting a day or two longer they could buy them at a lower figure. This was the only reason for the depression of the market, as there was no change in any of the companies represented on the list. A good buying demarket out of the rut. It will come along one of these days. The bears won't be allowed to rule the roost forever.

Mrs. Dr. Crossley, one of the Consulting Physi-cians at the Catarrh and Dyspepsia Institute, 323 Penn Avenue.

To cure Mrs. Thomas Hatton, and she suffered on for 13 years. The aches and pains which she experienced in almost every pars of her body was simply terrible. Those sharp, cutting pains across the small of her back and lower part of her body was almost unbearable. In fact she suffered with all those diseases and conditions peculiar to women. For three months her mind was unbalanced, and for months she was confined to her bed. She became very weak and emaciated, so that she only weighed 38 pounds. No one expected her to live, much less get entirely cured. After receiving three months' treatment with the physicians of the Catarrh and Dyspepsia Institute, 23 Penn avenue, who make a specialty of her disease, she says:

"In ever want any one to suffer as I have for the past 13 years. The condition of my case was much worse than has been described, and I am only too glad to testify to my complete cure by the doctors of the Catarrh and Dyspepsia Institute.

Please remember that the physicians of the Catarrh and Dyspepsia Institute never display their patient's portraits in the papers. Neither do they publish any testimonial, except with the full consent or wish of the patient. Furthermore, their testimonials are not from some far off place where no such parties reside, but from your own county and your own city, with the full name and address given, thus proving their genuinaness. The Catrrh and Dyspepsia Institute is thoroughly established in Pittaburg, and thousands of patients gladly testify to cures they have received. The treatment used does not consist of the so-called magnetic, or superhuman agencies, but medicines made from roots and herbs, and compounded to suit the requirements of each individual case, thus removing not only the disease, but the cause of the disease as well. Ninety-five out of every hundred of the patients treated at this Institute are those suffering from Catarrh, which is the certain forrunner of consumption. The testimonials published speak for themselves. They treat successfully Catarrh, Rheumatism, Dyspepsia, Bronchitis, Asthma, Blood, Kldney and Female Diseases.

Swift's Specific has cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eccama by the doctors—four of whom treated me with no relief. I candidly confess that I owe my present good health to 8. S. S., which in my estimation is invaluable as a blood remedy. Miss Julia Dr. Wiff. 227 N. Tenth st., St. Louis, Mo. Our baby when two months old was attacked with Scrotnia, which for a long time destroyed her eyesight surtirely, and caused us to despair of her life. The doctors failed to relieve her, and we gave Swiff's Specific, which soon cured her entirely, and she is now hale and hearty. E. V. Delk. Will's Point, Texas.
